

Webinar – Routine and Rapid HIV Testing: Third Party Billing

December 14, 2015

12:00 – 1:00 PM (CST)

Speaker:

Robert J. Keller, MBA, Consulting Associate, Illinois Public Health Association/Principle Keller Consulting

PROGRAM OBJECTIVES

Upon completion of this program, participants should be able to:

1. Understand the reasons for the greater emphasis on third party billing
2. Understand the managerial accounting techniques that can be employed to better assess costs
3. Incorporate managerial accounting practices and their integration into all facets of an organization to determine costs
4. Describe other techniques that may be available to an organization in order to enhance HIV testing third party revenue

Registration: Online registration is required at <http://bit.ly/dec142015>

Webinar Information: This will be an interactive webinar (*registrants will receive further details in their confirmation notice*).
