TRIPLE THREAT II
HIV, HCV & OPIOIDS
IN HONOR OF NATIONAL HIV TESTING DAY
TUESDAY, JUNE 25
9 A.M. – 4:30 P.M. | DuSABLE MUSEUM OF AFRICAN AMERICAN HISTORY

The conference will focus on the colliding co-occurring epidemics of HIV, viral hepatitis and opioids. The conference will explore the scope, challenges and opportunities to reduce the infectious disease co-morbidities of injection drug use, especially those that can be implemented efficiently through the existing public health and medical systems.
